

Vendor Standards Manual – U.S. and Canada Divisions

Welcome. .Foot Locker recognizes you as a valued business partner. Our goal is to enhance our relationship in order to move floor ready merchandise through our distribution channels in a cost efficient and timely manner.

In an effort to streamline our processing of merchandise through the supply chain and minimize the time from factory to sales floor, we are revising our Vendor Standards Manual.

Highlights of the changes are as follows:

Section 7

- New email contact for Routing and Transportation inquiries
Footlocker.Routing@footlocker.com
- New phone number for Help Desk for Routing form technical issues
1-512-287-7717

Section 8

- A copy of the Bill of Lading for US shipments must be emailed the same day the shipment leaves the vendor facility
- Invoice must be received by 8:00PM EST the day after the shipment date

This revised manual replaces all current manuals. The program is designed to monitor fulfillment of Purchase Order commitments, identify variances, and communicate compliance. We will work with you to eliminate the root cause of the variances, resulting in a benefit to both parties. This may involve site visits to our facilities in order to fully understand the impact of following our guidelines.

Please review this material carefully and do not hesitate to contact us should you have questions. For additional copies please contact our Corporate Vendor Standards Department at vendorcompliance@footlocker.com and we will provide you with access to the manual on our corporate website. We look forward to partnering with you on this important process.
