Properly completed and accurate documentation is an important and essential time saving device in the shipping and receiving process at all service centers and, in turn, leads to an expedited payment process.

This section defines the information required on each of the listed documents:

Advanced Shipping Notice:	An itemized list of goods to be shipped.
Packing List:	An itemized list of goods actually shipped by SKU.
Bill of Lading:	Contract of shipment from vendor/supplier to carrier.
Invoice:	To be sent to Accounts Payable for payment.
Manufacturers Safety Data Sheets (MSDS):	Required on all commodities handled by service centers for both saleable and non-saleable (supply) items.

Advanced Shipping Notification

As business partners our common goal is to ensure your merchandise moves through our service centers as quickly as possible. The following Advanced Shipping Notification (ASN) requirements provide valuable lead-time for timely merchandise flow. The EDI 856 is required

Vendors who must ship before fully trading EDI data with us may use the below form temporarily. See Section 16 for: "Advanced Shipping Notification.xls"

Payment Terms

Payment term, which is listed on each PO, is 15FM or 15th of the following month.

Payment dates are driven by when the merchandise is received. Any merchandise received by the 24th of the month will be paid out the Wednesday following the 15th of the following month. Merchandise received after the 24th is pushed to the Wednesday following the 15th of the month after next. Below is an example.

Received Date	Payment Date
5/23/25	6/18/25
5/25/25	7/16/25

Invoices

Listed below are the procedures that must be followed to ensure your invoices are paid on a timely basis:

EDI Invoices

- After shipping goods, submit invoices by 8:00PM EST the next day via the EDI 810 document. Invoice transmission date will be compared to the shipping date. Invoices received after this time are subject to a charge of \$100.00 or 30% whichever is less per invoice and invoice payment terms will be extended to include the period of time to resolve the discrepancy.
- Do not begin transmitting 810's until the testing process is complete
- For more information on becoming an EDI invoice vendor contact our EDI coordinator listed in Section 13 – Contact List of this manual
- Once the testing process is complete and a notification to begin sending EDI invoices is received from our EDI department, stop sending paper invoices in the mail or PDF invoices via e-mail
- Transmit electronic invoices only. Vendor will receive a functional acknowledgement to confirm Foot Locker has received a transmission. This acknowledges only that a transmission was received and does not indicate the information sent was correct. The transmission will proceed to go through Foot Locker's edit process.
- If we continue to receive paper invoices in addition to your EDI invoice, a handling charge of \$100.00 or 30% per invoice will be assessed
- Should your 810 transmission fails our edit checks for completeness and accuracy, our EDI department will contact you. Invoices that fail any edit check are subject to a charge of \$100.00 or 30% per invoice and payment terms will be extended to include the period of time to resolve the discrepancy. The edit checks will include (but are not limited to):
 - Out of Balance verification
 - □ Timing Invoice must be received by 8:00PM EST the day after the shipment date
 - Exception:
 - For Friday shipments, invoices must be received by noon on Saturday

- Quantity by sku
- Cost by sku and total cost of invoice
- □ Freight Charges this should not be included on transmission of invoices
- Terms net due date
- Currency code
- Corrected invoices must be submitted within 24 hours of shipment to ensure timely payment. Failure to resend EDI invoice within 24 hour window will result in handling fee assessment. If a paper invoice will need to be sent instead of a transmitted invoice, vendor will need to get permission from the Mgr. of Vendor Relations/EDI and it is subject to a \$100.00 or 30% handling fee.
- □ Incorrect EDI submissions are subject to a \$100.00 or 30% handling fee.
- If GST/HST (Canadian Tax) is applicable, invoices must reflect the correct GST/HST %. If the incorrect GST/HST is invoiced a \$100.00 or 30% fee will be assessed.
- Compliance will be waived for specific system maintenance dates if the vendor sends notification to <u>dcurlen@footlocker.com</u> and <u>vendorrelations@footlocker.com</u> prior to maintenance occurring.
