

Properly completed and accurate documentation is an important and essential time saving device in the shipping and receiving process at all service centers and, in turn, leads to an expedited payment process.

This section defines the information required on each of the listed documents:

Advanced Shipping Notice:	An itemized list of goods to be shipped.
Packing List:	An itemized list of goods actually shipped by SKU.
Bill of Lading:	Contract of shipment from vendor/supplier to carrier.
Invoice:	To be sent to Accounts Payable for payment.
Manufacturers Safety Data Sheets (MSDS):	Required on all commodities handled by service centers for both saleable and non-saleable (supply) items.

Advanced Shipping Notification – Shipments to Foot Locker Distribution Centers

(Please see Section 11 Direct to Store Shipments for details on ASN requirements for shipments to our stores)

As business partners our common goal is to ensure your merchandise moves through our service centers as quickly as possible. The following Advanced Shipping Notification (ASN) requirements provide valuable lead-time for timely merchandise flow. The EDI 856 is required.

- ASNs should be sent for all shipments within 1 hour after the shipment closes and leaves your facility.
- The ASN must be received in the Foot Locker system while the shipment is still in transit.
 - If you schedule a carrier to pick up after hours, you must have the ability to send the ASN when the shipment leaves
 - It is acceptable to send your ASN before the shipment picks up if you have all the required information in place and can send the ASN early
- Any delays in receiving the ASN will result in detention compliance for delay of shipment as result of the late ASN transmission. The lack of an ASN that causes a delay in unloading a trailer/container is subject to an hourly charge starting once the trailer arrives at a Foot Locker facility, as can be found in Section 9.
- An acknowledgement (EDI 997) will be sent by Foot Locker once the ASN has been sent. This acknowledges only that a transmission was received and does not indicate the information sent was correct.
- If you do not receive a 997, it is very possible the EDI transmission did not go through properly.
- If the shipment arrives at the DC and no ASN is available, you will be required to provide the 997 to confirm the ASN was sent and received by Foot Locker.
- If any errors are identified once the ASN is received, you may be contacted to resend the ASN to correct the issue. If you are using a 3rd party EDI provider, it is still your responsibility to ensure successful transmission of the ASN and all other EDI documents.
- Foot Locker is not responsible for EDI errors created by any 3rd party EDI provider.
- Our EDI team can be contacted at edisupport@footlocker.com

5/25/25	7/16/25

Invoices

Listed below are the procedures that must be followed to ensure your invoices are paid on a timely basis:

EDI Invoices

- After shipping goods, submit invoices by 8:00PM EST the next day via the EDI 810 document. Invoice transmission date will be compared to the shipping date. Invoices received after this time are subject to a charge of \$100.00 or 30% whichever is less per invoice and invoice payment terms will be extended to include the period of time to resolve the discrepancy.
- Do not begin transmitting 810's until the testing process is complete
- For more information on becoming an EDI invoice vendor contact our EDI coordinator listed in *Section 13 – Contact List* of this manual
- Once the testing process is complete and a notification to begin sending EDI invoices is received from our EDI department, **stop sending paper invoices in the mail or PDF invoices via e-mail**
- Transmit electronic invoices only. Vendor will receive a functional acknowledgement to confirm Foot Locker has received a transmission. This acknowledges only that a transmission was received and does not indicate the information sent was correct. The transmission will proceed to go through Foot Locker's edit process.
- If we continue to receive paper invoices in addition to your EDI invoice, a handling charge of \$100.00 or 30% per invoice will be assessed
- Should your 810 transmission fails our edit checks for completeness and accuracy, our EDI department will contact you. Invoices that fail any edit check are subject to a charge of \$100.00 or 30% per invoice and payment terms will be extended to include the period of time to resolve the discrepancy. The edit checks will include (but are not limited to):
 - Out of Balance verification
 - Timing – Invoice must be received by 8:00PM EST the day after the shipment date
 - Exception:
 - For Friday shipments, invoices must be received by noon on Saturday
 - For Saturday shipments, invoices must be received by 4pm on Sunday
 - Our vendor number
 - Our unique purchase order number and division number – one purchase order number per invoice and destination
 - One unique invoice number per shipping destination
 - Invoice date
 - Destination – 5 digit store number or 2 digit Service Center facility – must be valid Foot Locker number
 - Foot Locker sku number. For direct to store shipments, the invoice must include the UPC number and our thirteen (13) digit sku number

- Quantity by sku
 - Cost by sku and total cost of invoice
 - Freight Charges – this should not be included on transmission of invoices
 - Terms net due date
 - Currency code
 - Corrected invoices must be submitted within 24 hours of shipment to ensure timely payment. Failure to resend EDI invoice within 24 hour window will result in handling fee assessment. If a paper invoice will need to be sent instead of a transmitted invoice, vendor will need to get permission from the Mgr. of Vendor Relations/EDI and it is subject to a \$100.00 or 30% handling fee.
 - Incorrect EDI submissions are subject to a \$100.00 or 30% handling fee.
 - If GST/HST (Canadian Tax) is applicable, invoices must reflect the correct GST/HST %. If the incorrect GST/HST is invoiced a \$100.00 or 30% fee will be assessed.
 - Compliance will be waived for specific system maintenance dates if the vendor sends notification to dcurlen@footlocker.com and vendorrelations@footlocker.com prior to maintenance occurring.
